

Notice of Study Completion

Glendon Drive Streetscape Municipal Class Environmental Assessment

Middlesex County and the Municipality of Middlesex Centre have completed a Schedule 'C' Municipal Class Environmental Assessment (Class EA) to identify potential streetscape improvements to Glendon Drive, County Road 14. The study area extends from the Thames River Bridge through the communities of Kilworth and Komoka to the Highway 402 interchange. The Class EA has been undertaken in accordance with the planning process outlined in the Municipal Engineers Association, Municipal Class EA (2000, as amended in 2007, 2011, & 2015).

Study recommendations include a range of intersection and corridor improvements including:

- Road widening along the length of the corridor;
- Roundabouts at the intersections of Glendon Drive with Komoka Road, and Jefferies Road;
- A realignment of Coldstream Road to meet Glendon Drive at Springfield Way;
- Signalized intersections at Tunks Lane, Crestview Drive, and Springfield Way (when warranted);
- Improvements to reduce through traffic along Old River Road and improve safety conditions at its intersection with Glendon Drive, along with bank stability improvements.

Public Information Centre (PIC) No. 1 was held on November 26, 2015, PIC No. 2 was held on June 27, 2016, and PIC No. 3 was held on November 30, 2017. The study also included consultation with review agencies, Indigenous communities, and other stakeholders.

The Environmental Study Report (ESR) documenting the decision-making process and environmental impacts and mitigation measures has been compiled and by this notice will be placed on public record for the statutory 30-day public review period from Thursday June 28 – Friday August 3, 2018. The ESR will be available at the following locations:

Part II Order Appeal: In the event concerns regarding this project cannot be resolved through discussions with the project team, a person may request the Minister of the Environment and Climate Change make an order for the project to comply with Part II of the Environmental Assessment Act (known as a Part II Order), which elevates the status of the project to a higher level of assessment by undertaking an Individual Environmental Assessment. Requests must be received by the Minister at the addresses below during the public review period. Part II Order requests must be made in writing using the "Part II Order" request form (form 012-2206E) that can be found here:

<http://www.forms.ssb.gov.on.ca/> or by contacting a member of the project team. Completed forms must be sent to the following, with a copy to the project team. If there are no outstanding Part II Order requests by August 3, 2018, the County and Municipality may proceed to design and implementation.
