**Purpose and Effect of the Application**

The Municipality is seeking input on a development application within 60 metres of your property. The purpose and effect of the Application for Minor Variance is to seek relief from the Middlesex Centre Comprehensive Zoning By-law 2005-005 as it relates to the maximum permissible gross floor area for an accessory building in the Urban Residential First Density (UR1) Zone. The applicant is requesting a maximum size of all accessory buildings of 47 square metres (505 square feet) or 4.35 percent lot coverage, whereas the Zoning By-law permits a maximum size of the lesser of fifty square metres (50.0 m<sup>2</sup>) (538.0 square feet) of gross floor area or three percent (3%) lot coverage, which in this case would be a maximum permissible size of 32.4 square metres. The effect of the proposal is to facilitate the construction of one accessory building in the rear yard of the property.
