Transportation Master Plan

The Study

Transportation includes the movement of people and goods by all travel modes: car and truck, public transit, cycling, walking and more.

The Municipality of Middlesex Centre is developing its first **Transportation Master Plan (TMP)**. The TMP will:

- Guide decision-making relating to Middlesex Centre's transportation system over the next 25 years
- Align with and support the Municipality's Official Plan and other strategic plans and policies
- Support the Municipality's vision for the future transportation system, leading Middlesex Centre toward a more safe, accessible, and sustainable transportation network and services
- Support local travel and longer-distance connections for all travel modes, supporting community livability and strengthening local economic and tourism opportunities
- Inform long-range financial planning

This study is being conducted in accordance with the requirements of Phases 1 and 2 of the Municipal Class Environmental Assessment planning process for Master Plans, under the *Environmental Assessment Act*.

Public Information Centre 2

Joint in-person information session together with the [Servicing Master Plan](#)

Thursday, October 19, 2023 – 4 to 7 p.m.

Komoka Community Centre – 133 Queen Street, Komoka

This event is also listed at www.middlesexcentre.ca/events.

Notice of the public information centre was first published on September 28, 2023.

Draft Transportation Solutions

Building on what we've learned about transportation needs and opportunities in Middlesex Centre, this second round of public consultation will present and gather feedback on draft solutions to help improve transportation for everyone.

Public Information Centre materials will be available on the project website starting **October 19, 2023**. Visit www.middlesexcentre.ca/tmp, where you can also find additional information about the TMP and a link to a brief online survey to complete by **November 1, 2023**. Written comments will be accepted until **November 16, 2023**.

If you have any comments or questions regarding the TMP study, please contact the following:
